The Inner Courtyard South cannot be used for noise-intensive events. For events with a low noise level (maximum of 70 dB from 5 p.m. onwards), the Inner Courtyard North can be used.
Smoking regulations	Smoking is prohibited in the Inner Courtyards until 5 p.m., Mondays to Fridays.
Authorised persons	These areas are primarily authorised for use by members of the Department of Computer Science (D-INFK) and the ETH Student Association (VSETH). Both units are notified about upcoming events as quickly as possible via the Permits Office.
Furniture	The Facility Services department cannot provide any furniture for the outdoor areas. Furniture must be sourced by the event organiser and may only be set up if deliveries are not affected.
Barbecue	The barbecue must be positioned so that the smoke can dissipate. A minimum distance of 5 m from the building must be maintained. Suitable extinguishing equipment must be provided. The responsible persons on site must be instructed on the handling of the extinguishing agents.
Tents and structures	Tents and other structures must be secured against wind.
Fire regulations	Compliance with the fire regulations is required. Escape routes and fire brigade access routes must be kept clear at all times. No building exits must be blocked. Locations for exhibits must be agreed in advance with the Facility Services department.
Waste disposal, cleaning	The areas must be left in a clean condition. The event organiser is responsible for disposing of waste in the appropriate containers (bottles, cans and glass). If there are large quantities of waste, the Facility Services department must be called in. Expenses for cleaning and services that exceed the usual scope will be invoiced as per the price list. Suitable covers must be fitted for activities that could contaminate or damage the ground.
Noise emissions, music	Consideration must be shown for the users of the CAB Building and the neighbours. Unless explicitly approved, it is only permitted to play music (including background music) – approx. 70 dB – after 5 p.m. In all cases, silence must be maintained in the outdoor area at night, from 10 p.m. onwards.
