

Your exchange destination for studies in technology and the natural sciences

Exchange studies at ETH Zurich

Situated in the heart of Europe, yet forging connections all over the world, ETH is pioneering effective solutions to the global challenges of today and tomorrow. It's where students discover an ideal environment for independent thinking.

ETH as a university

ETH is well-known for its excellent education, ground-breaking fundamental research and for implementing its results directly into practice. ETH hosts today over 25,000 students from over 120 countries, including more than 500 mobility and 4,000 doctoral students.

Over twenty Nobel laureates have studied, taught or conducted research at ETH, underlining the university's excellent reputation. Also, ETH regularly features in international rankings as one of the best universities in the world. Students can choose between 24 Bachelor's degree programmes and over 40 Master's degree programmes.

Green space on Hönggerberg campus for studying and socialising

The main building, designed by Gottfried Semper, opened in 1864.

Switzerland as an exchange destination

Switzerland is a safe and attractive European country repeatedly ranked as having one of the highest quality of life globally. Among other things, this attractiveness is a result of the high level of stability and the diversity of the country's landscapes and cities.

A mixture of modern and medieval architecture, a vibrant cultural life, majestic snow-capped Alps and beautiful lakes surrounded by forests enrich the experience. The well-developed, safe and punctual public transport system simplifies everyday life and excursions in Switzerland and neighbouring countries.

Student life at ETH

Students benefit from the colourful campus life and find everything they need there. (Even if we recommend not feeling tied to the campus.)

ETH students form a lively and passionate community with a place for every interest and talent. At ETH, you can think beyond your curriculum and set path if you want.

The student associations offer many events and make it easy to get to know other students. You can also unwind from your studies by doing sports – with a selection of 120 different sports –, by pursuing other passions or exploring Switzerland with fellow students.

There is more.
